MR. SMITH WRITES:

"It is my belief that life insurance is one of the best, if not the best, forms of investment ever devised. The depreciation in other securities which I hold has strengthened my belief in life insurance in a Company like The Mutual Life. I am glad to say that this investment in The Mutual Life is probably the best one that I ever made."

matter of Supervisor Archer's mysterious charges against County Criminalogist Lake. It will all be very funity.

Archer's nephew will be on hand to
testify in regard to an alleged "ride
gesture" made by Lake, from a whidow, at Archer's nephew. The gesture,
it is said, will be acted over again by
the nephew and a record of all its disthe nephew and a record of all its sig-nificance, if any, may even go to the minute book of the Supervisors even-ually. Lake will be there in metaphorical frons, and County Attorney Douth itt will also be present, probably to be called on render a legal opinion on the alleged gesture. And Accuser Archer will be there, too, to point a finger at Lake and say: "There is the man." According to Archer, the gesture made by Lake was too utterly awful to utter, The whole thing is a huge joke with all except Archer, who takes the allegations very seriously.
